

# ICH GWAS Monthly Newsletter

## January 15<sup>th</sup>, 2009

### **In this issue:**

1. ICH GWAS Meeting at ISGC June workshop in Munich
2. ICH GWAS Meta-analysis
3. Sub-project proposals

This is the second issue of the monthly newsletter for the ICH GWAS Study Group. This newsletter is meant to be a tool to keep investigators participating in the ICH GWAS updated on all aspects of this project, including phenotyping, genotyping, data analysis and logistics.

The newsletter will be sent out to participants on the 15<sup>th</sup> of each month (or nearest workday) as an email attachment from the Program Manager at the Coordinating Center.

If you want to add topics relevant to all investigators involved in the ICH GWAS to the next newsletter, or you'd like to give general feedback to the Newsletter Design Team please contact [Lynelle Cortellini](mailto:lcortellini@partners.org) ([lcortellini@partners.org](mailto:lcortellini@partners.org)).

### **1. ICH GWAS Meeting at ISGC June workshop in Munich**

As discussed at our fall investigator's meeting, future ICH GWAS investigators meetings will be held concurrently with ISGC workshops. By popular vote, the next ISGC workshop is scheduled for June 25-27, 2009 in Munich Germany. We will send out additional details regarding the ICH GWAS Investigator's meeting in Munich in the next month or two.

### **2. ICH GWAS Conference Call**

By popular vote, the next ICH GWAS Conference Call will be held on **January 20<sup>th</sup> at 8.00 am (US Eastern Time)**. Further details regarding this topic will be made available to participants in the next few days.

### **3. Sub-project proposals**

Investigators are welcome to submit their proposals for additional analyses of ICH GWAS data. As agreed upon at the Investigators Meeting in Boston, these proposals will need approval by the Publication and Steering Committees. A dedicated form for ICH GWAS sub-project proposals will be made available to participants on the ICH GWAS section of the ISGC website.
